SUPPORTING DOD AND FEDERAL AGENCIES

ENCORE III
DISA's Flagship IT Contract

Overview

ENCORE III provides the DoD and Federal agencies a full spectrum of IT services and solutions ranging from engineering development to full sustainment under two suites of multiple award indefinite delivery/indefinite quantity contracts valued at $17.5B supporting a 10-year ordering period.

There is a broad IT scope and breadth of vetted experience, streamlined processing and aggressive lead times, and confidence associated with receipt of competitive proposals from recognized industry leaders. Further, ENCORE III has remained a steadfast leader taking initiative in ensuring competitive costs and high level experience qualifications.

With a total of twenty contractors in each Suite (Full & Open and Small Business), ENCORE III offers a vetted ability to provide requiring agencies with a significant breadth and depth of commodity IT services, experience, and capability.

Ordering

ENCORE III task orders may include all variations of fixed price and cost reimbursable line items where ceiling labor rates only apply to firm fixed price orders. Orders may be competed on a best value trade off or lowest priced technically acceptable basis.

The current fee for service for DITCO serviced awards is 2.5 percent and the fee for decentralized ordering is 1 percent.
